Profile

I have been a software developer for over 20 years. Growing up during the “.com” website boom. Started out my career by developing websites and applications. Have 20 years of PHP full stack development, and over 6 years of Java full stack development. Experienced in scrum, and agile development. Development with continuous integration (CI) and Gitlow release processes.

Work Experience

2016 – Current
Hiawatha, IA

MVNX Lead Engineer/Team Lead

Ready Wireless, LLC

- Maintaining and updating in-house MVNO white label platform for cellular networks. Integrating with all major cellphone carriers. The system was composed of JBoss and MariaDB for the backend. Implemented many variations of Soap, and RESTful APIs.
- Built out and maintained 10+ PHP Full Stack sites using MVC CakePHP based frameworks and web technologies base on PHP.
- Handle and manage bug fixes, releases and continuous integration for system maintenance.
- Jira task tracking and code review of developers.
- Continuous integration of JBoss and PHP based sites using Jenkins.

2008-2016
Hiawatha, IA

Team Lead UIX Systems

Ready Wireless, LLC

- PHP lead for all UI websites and intranet-based sites. Built and maintained CakePHP based CRMs, eCommerce sites, and customer portals.
- Developed in-house phone firmware flashing farm for rebranding recycled handsets.
- Helped to shape the MVNO platform built while building up my Java application server experience.

2000-2008
Waverly, IA

Web Programmer/Application Developer

Dyton Media, inc

- Developed educational and eCommerce PHP websites for clients.
- Collaborated closely with graphic designers to develop user friendly user interfaces.
- Built Flash and Director Applications for textbooks and educational CD-ROMs.

Education

2000-2004
Cedar Falls, IA

Computer Science

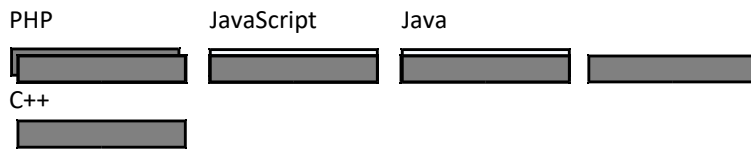

University of Northern Iowa

Earned a bachelor's degree in computer science. Studied mostly for software development, taking all the computer courses I could. Including networking, system administration, and software development.

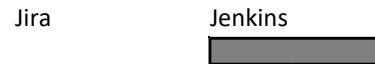

Skills

Languages

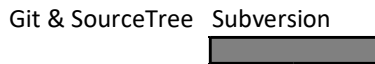

Software Development
